FINAL SPECIFICATIONS AFTER PRE-BID MEETING

Item Name & Specifications	Payment	Estimated Total	Total
	mode	Unit Price	Quantity
ECG Machine	CIF	0.2 M	23
Six channel ECG on at least 3-5 inches LCD display.			
Display of six channel ECG simultaneously.			
Automatic Operation			
Variable gain: 1/2, 1, 2 cm/mV			
Thermal recorder for printing out of Six channels simultaneously			
Interpretation Software.			
Recording Trace speed: 10, 25 and 50 mm/sec			
Muscle artifact and AC (50Hz) interference filters			
Defibrillator protection			
Built in AC Supply and battery operation with backup 30 minutes			
Paper size: 100-110mm			
Built-in AC interference, Noise filter and Baseline correction.			
Capability to interface with LAN/WLAN for data transfer			
Accessories:			
Complete with standard accessories			
Comprehensive Service Manual			
Country of Manufacturer: USA / Europe / Japan			
Equipment should have at least two certification from FDA 510K, CE, JIS/MHLW

				Г
Defibrillator	CIF	0.8 M	20	
Biphasic transthoracic (external) defibrillator with LCD colour display				
Synchronized output with ECG.		1		
Energy selection & delivery on control panel and paddles for external defibrillation.				
Energy selection and delivery on control panel for internal defibrillation.				
Charging Indicator				
The energy range should be adjustable for peads and adults up to 200Joules.				
Charging Time for full energy should be less than 07 sec				
Screen Size of approx. 5 inch colored.				
Display of HR, ECG through paddles and Lead I.II & III patient cable.				
Built in recorder for printing of full summery on standard 50mm paper.				_
Alarms for High and low Heart rate,				
low battery warning.				_
Built-in Rechargeable battery with charger for minimum 50 shocks at max energy.				
Auto tester/selfcheck.				
External Paddles (Adult, Paed, Neonate)			×	
AED facility with cable				
Pacing facility				
AC 220V / 50Hz operated				
Accessories:				
Complete with standard accessories, including reusable type Adult, Paediatric& Neonatal				
sensors, Comprehensive Service Manual				
Country of Manufacturer: USA / Europe / Japan			99	
Dual Certification:			¥0	
Equipment should have at least two certification from FDA 510K, CE, JIS/MHLW				
Optional:				
Internal Paddles for Adult & Paeds				
Defibrillator Analyzer				T
Electrosurgical Unit:	E.	0.7 M	2	
Microprocessor based electrosurgical unit for normal and under water cutting usages				
		-		(

G

pe of AISI 316 L/Ti. The system complete with built-in water saving system, automatic heat exchanger and UPS of suitable capacity with minimum 15 minutes for Controller cum display for monitoring High pressure Steam Sterilizer each with external steam supply as primary source with integrated steam Fully automatic, programmable, microprocessor type. Touch screen colored display and integrated containersofallstandardsizes. Chambercapacity 06STU, rectangularshape. Chamber, jacket and doors made of AISI 316 L/Ti. The system complete with built-in water saving system, automatic heat exchanger and UPS of suitable capacity with minimum 15 minutes for Controller cum display for monitoring Speed printer. Automatic motorized/pneumatic single door system. Time cycled, working pressure 32 psi. Forstorage and preparation of paper/Plastic bags in rolls. The cutting knife is made of tempered stainless steel pressure indicator. Cycle indicator to determine the phase of sterilization cycle. Program/Cycle selection. Microprocessor controlled automatic heat sealer for sterilization bags and pouches. Stainless Air detector. Two loading / unloading trolleys and one loading carts compatible withsystem. Air detector. Two loading / unloading trolleys and two loading carts compatible withsystem. Complete with standard accessories and removable shelves, capable of taking both packets and Distribution trolley, 03 shelves made of stainless steel, size 700x500x800mm3. (WxDxH), and controlling of parameters during powershed ding provided / installed by the manufacturer. andcontrollingofparametersduringpowersheddingprovided/installedbythemanufacturer. recorder. ROsystemshouldbecompatible with the CSSD equipment requirement and in accordance with the quality of the local water where it is being installed. It should have imported parts that may steelbodywithprintingmechanism. Adjustabletemperatureupto 200 degree Centigrade, Pressure TRANSPORT AND DISTRIBUTION TROLLEY (Qty 02) Temperature Ferms & Conditions for CSSD Equipment: and is self-grinding, Size 700-1000mm. MEDIUM STEAM STERILIZER (Qty 01) REVERSE OSMOSIS SYSTEM (qty 01) PAPER SEALING MACHINE (Qty 01) CUTTING DEVICE (Qty 01) interlock. generator as backup. approx.10m/min. locallyassembled.

For CSSD installation; copper/SS pipes will be used as perstandards. The complete flooring of CSSD with

false required dumpa where Renovation of the CSSD department will be the responsibility of the successful bidder walls, ceilingwillbeinstalled.Thepartitioningwillbemadewith2mmAluminumsheet ceramic sheet, anti-bacterial

- USA/Europe/Japan, however for remaining equipment / furniture etc. will be imported / local. disinfector Washer Sterilizers Country of manufacturer& origin for
- The bidder will provide a comprehensive warranty of five years from the manufacturer exclusively for Faisalabad Institute of Cardiology, Faisalabad.
- The bidder will provide a declaration from the manufacturer exclusively for Faisalabad Institute of Cardiology, Faisalabad for the availability of spare parts for five years after warranty period

Optional:

WASHING / DISINFECTION / DRYING UNIT

chamber, washing arms, preheating tanks and water filters made of high quality stainless steel AISI 316 Microprocessor controlled automatic powered vertical down sliding two glass doors type. Washing L., Light inside of chamber, Frame made of stainless steel AISI 304

including Touch screen/panel display on loading and display on unloading side with integrated printer. External integratedelectricelementasbackupheating. Capable of washing internal and external surface of items such products programs, drying pre-set cycle construction. Floormodel chambers ize 15-18 DIN basket Capacity. 2 do sing pumps of chemical etc. and wares disinfecting complete with flow meters and sensor. 8-10 standard serviceprogramsandFast/shortcycledisinfectionprogram(around30min) glassware, tubing, syringes, hollow washing, rinsing, for Automatic instruments, heated

The unit should be complete with baskets, trays, and stands for washing /disinfection of the tems mentioned above. The unit should have complete exhaustair condenser for out going air tems mentioned above. The unit should have complete exhaustair condenses and the same of the same and the swith condensate drain. Operation 380-400V

ACCESSORIES

- A.N Wash Cart includingtubes-7sets
- MIS/Lap instrumentscart
- Instrument trays for OPCart
- Rack for 25shoes
- Wash cart for Instrumentcontainers

Transfer trolleys forcart.		
Intra Aortic Balloon Pump	20.00 M	02
Self contained Fiber optic based intra aortic balloon pump having mobile console with ECG, Amplifier with		
possible selection 5 leads arterial blood pressure amplifier, Discriminative Triggering circuit to command		
balloon actions on patient's ECG arterial blood pressure curve or internal simulator 80 BPM. Color graphic		
displays at least of 10" for display of arterial and pressure heart rate balloon volume used and alarm		
conditions with trouble shooting procedures. Wave form displays for ECG, arterial pressure and balloon		
pressure on three channel memory type oscilloscope. Fall safe system. V Pacing switch. Progressive viewing		
sequence. Integrated battery power supply to take patient to catheterization labs, operating theatre or other		
hospital: 60 minute autonomy. CO2 / helium tank wrench. 5 lead ECG cable, male connector pressure,		
transducer, adopter, chart recorder.		
System should be complete to display all the parameters.		
Accessories:		
Complete with standard accessories, One spare set of patient cable, Reusable sensors qty 05		
Optional:		
Automatic in vivo calibration, Automatic helium refilling, Control of deflation point in automatic mode		
The bidder will provide a comprehensive warranty of three years from the manufacturer exclusively for		
Faisalabad Institute of Cardiology, Faisalabad.
